

## **There's a Power in the Music by Lin Marsh**

When you're feeling lonely and you don't know where to turn,  
Hopes and dreams are fading and your bridges start to burn.  
Just remember, when you look, a friend is always near,  
So let your voice sing out again so everyone can hear:

**There's a power in the music, there's a spirit in the song,  
When our voices join together, we are fearless, we are one,  
And we feel a sense of freedom as it carries us along.  
There's a power in the music and a spirit in my song.**

Sometimes you feel nervous and at other times you're shy,  
Lose your sense of purpose and the will to stay and try.  
Then I see you smiling as the music starts to play.  
You hear the beat resounding and it blows the clouds away.

**There's a power in the music, there's a spirit in the song,  
When our voices join together, we are fearless, we are one,  
And we feel a sense of freedom as it carries us along.  
There's a power in the music and a spirit in my song.**

*Stand together and we sing as one.  
We can change the world with our song.  
Spread the message: we are strong and free!  
We are sister, we are brother, we are one big family. Ah-ah.*

Now your heart is beating to the rhythm of that drum.  
Nothing is impossible, a hero you've become.  
Singing lifts the spirits, heals the heart and feeds the soul.  
Singing makes us stronger, we can reach for any goal.

**There's a power in the music, there's a spirit in the song,  
When our voices join together, we are fearless, we are one,  
And we feel a sense of freedom as it carries us along.  
There's a power in the music and a spirit in my song.**

**There's a power in the music, there's a spirit in the song,  
When our voices join together, we are fearless, we are one,  
And we feel a sense of freedom as it carries us along.  
There's a power in the music and a spirit in my song.  
In my song, in my song.**
